S.O. 3344.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Industrial Tribunal, Hyderabad, in the industrial dispute between the employers in relation to the Singareni Collieries Company Limited, Ramakrishnapur Division, Ramakrishnapur Post Office, Laxcettipet Taluk, Adilabad District, Andhra Pradesh and their workmen, which was received by the Central Government on the 15th October, 1966.

**BEFORE THE INDUSTRIAL TRIBUNAL (CENTRAL), ANDHRA PRADESH,
HYDERABAD**

PRESENT:

Sri Mohammad Najmuddin, M.A., B.L., Chairman, Industrial Tribunal,
Andhra Pradesh, Hyderabad.

Industrial Dispute No. 43/1966:

BETWEEN

Workmen of Singareni Collieries Company Ltd., Ramakrishnapur.

AND

The Employers of Singareni Collieries Co. Ltd., Ramakrishnapur.

APPEARANCES:

Sri M. Shyam Mohan, Personnel Officer of the Singareni Collieries Co. Ltd.

AWARD

The Government of India in its Ministry of Labour, Employment & Rehabilitation had, by Order No. 7/23/66-LRII dated 20th August 1966, referred this case to me for adjudication. The issues settled as per Notification are these:—

1. Whether the demand for the payment of Category VII wages to Shri K. S. Chalapati Rao for the period during which he worked as a Welder is justified?

2. If so, to what relief is the said workman entitled and from what date?

2. Notice of the reference was given to the claimant-workman for filing statement of claims. Any such statement had not been filed, and the stage for calling upon the Management of the Singareni Collieries Company Limited to file counter did not reach. That was because the parties, viz., the Management on the one side and the Andhra Pradesh Colliery Mazdoor Sangh on the other, had compromised the matter, and a Memorandum of Settlement dated 8th September 1966 was submitted here on 17th September by Mr. Shyam Mohan the Personnel Officer at the Bellampally Division of the Singareni Collieries Company Limited. Thereafter I called for letters of authorisation. Mr. A. Raghuramulu who is Vice President of the Andhra Pradesh Colliery Mazdoor Sangh, and who subscribed to the Memorandum of Settlement, was authorised by the Sangh to represent it in the settlement. The Memorandum of Settlement is signed by two representatives of the Management, viz., Mr. D. P. Sinha and Mr. P. C. Tomar. On behalf of the Sangh it is signed by Mr. A. Raghuramulu. Two witnesses, Mr. Shyam Mohan and Mr. Avadhani, have attested it. According to the terms of settlement the claimant-workman, Chalapati Rao, is promoted as Welder on Category VII with effect from 1st September 1966 on the basis of trade test held on 23rd August 1966. The Management had also agreed to pay the difference of wage between Category III and Category VII for a period of three months. Thus it is seen that the terms of settlement cover the issues in the case. I am satisfied that the settlement is fair.

3. In view of the Memorandum of Settlement dated 8th September 1966 award is herewith passed in terms thereof, a copy whereof is appended hereto.

Given under my hand and the seal of the Tribunal, this the 10th day of October 1966.

(Sd.) M. NAJMUDDIN,
Industrial Tribunal.

APPENDIX.

Memorandum of Settlement arrived at during discussions held between the Management of the Singareni Collieries Co. Ltd., and their workmen represented by the Andhra Pradesh Colliery Mazdoor Sangh on 8th September, 1966 regarding I.D. 43 of 1966 relating to Category VII wages to Sri K. Chalapathi Rao, Pump Driver.

Representing the Management:

1. Sri D. P. SINHA,
Agent, RKP Division.
2. Sri P. C. TOMAR,
Asstt. Personnel Officer, RKP.

Representing the Workmen:

1. Sri A. RAGHURAMULU,
Vice President,
APCMS. (INTUC).

Short recital of the case

The APCMS in their Lr. No. RK. 65/65 dated 24th January, 1966, addressed to the Asstt. Labour Commissioner (C), Hyderabad raised a dispute that Sri Chalapathi Rao, Pump Driver should be paid Cat. VII wages from July, 1965 as he has been working as Welder. APCMS also demanded vide their Lr. No. APCMS/RK/19/66 dated 24th Jan., 1966 that Sri Chalapathi Rao should be paid two hours Overtime daily from July, 1965. Management denied both the claims. The dispute regarding Cat. VII wages was taken up for Conciliation on 16th April, 1966 at Hyderabad and the discussions ended in failure. The matter was referred for adjudication by the Government of India through Notification No. 7/23/66-LR. II, dated 10th August, 1966 and it was registered as Industrial Dispute No. 43/68 by the Industrial Tribunal, Hyderabad with a view to investigate and adjudicate in the matter. With a view to arrive at an amicable settlement discussions were again conducted between the Management and the Union on 8th September, 1966. In view of the detailed discussions the parties have agreed to the following terms:—

Terms of Settlement

1. Management agreed to promote Sri Chalapathi Rao as Welder on Cat. VII with effect from 1st September, 1966 on the basis of Trade Test held on 23rd August, 1966 to fill up the vacancy which occurred from 28th August, 1966.
2. Management also agreed to pay the difference of Cat. III & Cat. VII wages as Acting Allowance to Sri Chalapathi Rao for a period of 3 months as he might have worked as Welder during the period for which the claim has been made by the Union.
3. In view of the above Agreement, Union had withdrawn the demand for two hours Overtime as per Lr. No. APCMS/19/66 dated 24th January, 1966.
4. The arrears to the party consequent to the above terms of settlement will be paid within a period of one month from the date of this Agreement.
5. By this Agreement both the issues (Dispute under reference and the demand regarding Overtime) stand settled wholly and completely.

Short recital of the case

Shri Hirdya Singh, pump khalasi was transferred to the job of trammer by the management which was his substantive post. Shri Hirdya Singh refused to abide by this transfer order contesting to be *mala fide* and detrimental to this service conditions. This dispute was referred for adjudication by the Ministry of Labour, Employment and Rehabilitation vide notification No. II/151/64-LRII dated 16th January, 1965. In order to keep good and mutual relations and on the advice of the well-wishers, it was resolved to compose of and compromise the dispute on the following terms and conditions outside the court.

Terms of the Agreement

- (1) A large number of pump khalasis have been already retrenched and further retrenchment of a large number of pump khalasis is under process. In view of the above retrenchment, Shri Hirdya Singh does not stand any chance of reinstatement.
- (2) Shri Hirdya Singh as such accepts voluntary retrenchment with effect from 23rd February, 1965.
- (3) The management agrees to pay full retrenchment compensation as laid down under section 25F of the Industrial Disputes Act.
- (4) This agreement shall be filed by Shri Hirdya Singh before the Industrial Tribunal, Dhanbad with a request to give its award on the above terms and conditions.

S.O. 3346.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Industrial Tribunal, Dhanbad, in the industrial dispute between the employers in relation to the Khas Jairampur Colliery of Messrs. Khas Jairampur Colliery Company (Private) Limited, Post Office Khas Jeenagora, District Dhanbad and their workmen which was received by the Central Government on the 24th October, 1966.

AWARD

4. 30th September, 1966.—A petition has been filed by the concerned workmen S/Shri Ramkeshwar Singh, Vidya Singh and Bal Gobind Passi, enclosing the terms of agreement, signed by the concerned workmen Ramkeshwar Singh and Vidya Singh in sign but not signed or thumb impressed by Balgobind Passi and the representative of the management and attested by witnesses wherein the terms of settlement are stated and according to the said agreement the management has agreed to pay full retrenchment compensation as laid down in Section 25F of the Industrial Disputes Act to the concerned workmen Ramkeshwar Singh and Vidya Singh and their voluntary retrenchment has been accepted by them.

2. As regards the concerned workmen Balgobind Passi the management agreed to pay him 10 days' full wages for the period of his suspension, which mean that his suspension has been set aside and he has been re-instated and, therefore, even if this compromise does not bear his signature or thumb impression it does not matter much. It is therefore declared in terms of this intention of the compromise that the suspension of Balgobind Passi is set aside and he will be paid full wages for ten days for which period he was under suspension.

3. In the circumstances, the compromise *Annexure 'A'* is accepted and in terms of it an award is passed and the said compromise will form a part of this award and the reference is disposed of accordingly.

SHRI RAMKESHWAR. SINGH.

Short recital of the case

Shri Ramkeshwar Singh had been working as underground munshi in this colliery. He was transferred by the management to the job of tub checker on surface. Shri Ram Keshwar Singh disputed this transfer order alleging it to be illegal and referred to the Industrial Tribunal, Dhanbad by the Government of India, Ministry of Labour, Employment and Rehabilitation for adjudication. In order to keep good mutual relations and on the advice of well wishers it was resolved to compose of the differences on the following terms and conditions.

Terms of agreement

- (1) Since Shri Ram Keshwar Singh has agreed to accept voluntary retrenchment in Reference No. 137/65, the question of illegal transfer does not arise.
- (2) Since Shri Ramkeshwar Singh is compensated for the period of forced idleness, the question of payment for transfer order in detriment to his service conditions does not arise.

- (3) This agreement will be filed by Shri Ram Keshwar Singh before the Industrial Tribunal, Dhanbad with a request to give its award on the above terms and conditions agreed to.

AWARD

By notification dated 22nd November, 1965 Ministry of Labour and Employment, Govt. of India referred the following matter of disputes between the parties to the Central Govt. Industrial Tribunal, Bombay. The proceedings remained pending before the said Tribunal from 1st December, 1965 to the date it was transferred to this Tribunal by notification No. 8/141/66.LR-II, dated 17th September, 1966.

Dispute

Whether the action of the management of Surakachar colliery of National Coal Development Corporation Ltd, Post Office, Bankimongra, Distt. Bilaspur, M.P. in dismissing Shri Bhalyalal, Driver, was justified. (2) If not to what relief is the workmen entitled.

The parties to the dispute had filed their pleadings before the Bombay Tribunal and the case came up for preliminary hearing before this Tribunal on 18th October, 1966. After hearing the representatives of the parties 3rd November, 1966 was fixed for evidence and final hearing. The parties have however, compromised the dispute meanwhile and filed the compromise petition. The representatives have verified this compromise petition. I have gone through the contents of the petition and find that the dispute which relates to dismissal of a single workman Bhailyalal, is satisfactorily resolved. The management have agreed to pay some compensation together with bonus to the workman and the union have agreed to accept the offer and not to press the dispute. An award is.

therefore, recorded in terms of the settlement and the reference is answered accordingly.

Dated 19th October 1966.

Memorandum of settlement dated 18th of October, 1966 between the representatives of Khadan Mazdoor Union and Management of Surakachar Colliery on the Industrial Dispute over the alleged wrongful dismissal of Sri Bhaiyalal, Driver, Surakachar Colliery, NCDC Ltd. The case Ref. No. 13 of 1966 pending before the Industrial Tribunal-cum-Labour Court, Jabalpur.

Persons present:

Shri P. K. Thakur, General Secretary, KMU, representing the workmen.

Representing the Management:

Shri S. Chattopadhyaya, Dy. Supdt. of Collieries, Surakachar Colliery, NCDC.
Shri M. L. Thakur, Group Personnel Officer, NCDC, Korba.

Merits and demerits of the case were discussed at great length by both the parties. After protected negotiations the case was settled as under. Both parties agreed that:—

1. The management will pay Sri Bhaiyalal a sum equivalent to his wages for one of half the period of his employment as compensation for loss of employment.
2. The management will pay him the usual quarterly bonus for the quarter ending Dec. 1964.
3. Shri Bhaiyalal will be paid the above amounts within a fortnight from the date of signing of this agreement.
4. Shri Bhaiyalal will hand over the vacant possession of the miner's quarter to the management before collecting his above payments.
5. This will not be quoted as precedent for settlement of any dispute in future.
6. Khadan Mazdoor Union agrees not to press the case No. 13 of 1966 pending before the Industrial Tribunal-cum-Labour Court, Jabalpur.

AWARD

The Government of India, in its Ministry of Labour & Employment, had, by Order No. 7/18/64-LR.II, dated 21st December 1964, referred this dispute to my learned predecessor, Dr. Mir Sladat Ali Khan, for adjudication. After I succeeded him as Presiding Officer, Industrial Tribunal, Andhra Pradesh, Hyderabad, the Government had, by a subsequent order, withdrawn the case from my learned predecessor and transferred it to me along with similar other cases. That was done by Order No. 7/33/65-LR.II, dated 31st January 1966. The issues referred as per Annexure to the Notification are these:—

- (1) Whether the action of the Management of Singareni Collieries Co. Ltd., in not allowing proper wages in accordance with the coal award to the undermentioned 39 workers of the Shanti Khani, No. 2, incline and Morgan's pits, employed on Tub-repairing work, is justified?

(2) If not, to what rates are they entitled and from what date?

2. The claimant workmen mentioned in the reference are represented by two unions. The Tandur Coal Mines Labour Union, Bellampalli, filed statement of claims through its President, Mr. Nagiah Reddy, on behalf of only 3 of the workmen mentioned in the reference, they being Nos. 25, 26 and 39. They are, respectively, Malloji Baniah, Bandi Mondl and Syed Yasin. During evidence the last mentioned is also referred to as Syed Hashim. The designation given to them in the Schedule is tub-repairing fitter. The reason why this Union had confined the claim to only 3 workmen is that it had entered into certain agreements with the Management in respect of certain categories of workers. I will refer to the Tandur Coal Mines Labour Union as Labour Union for the sake of brevity.

3. The claim put forward by the Labour Union on behalf of Syed Yasin is more elaborate than that put forward on behalf of Malloji Baniah and Bandi Mondl. Syed Yasin is working at the Morgan's pit. It is stated that he had been in the service of the company for 32 years, having been a mazdoor for the first 10 to 12 years. It is claimed that "thereafter he has been actually working as Head Tub-repairing Fitter". Syed Yasin is, and has been for some considerable period prior to the reference, in category VI in which the daily basic wage is Re. 1-37 nP. The claim is that working as he does as head tub-repairing fitter, he was entitled to be in Category VII in which the basic wage is Rs. 1-87 nP. This claim is made with retrospective effect from 26th May 1956 from which date the Mozumdar Award became operative. The reasons for putting forward this claim to Category VII on behalf of Syed Yasin are said to be these. Firstly, he had been working as head-repairer. Secondly, he was, in that capacity, supervising the work of 3 tub-repairing gangs. Thirdly, he maintains the necessary log books and registers and accounts for the Morgan's Pit. Fourthly, it is pointed out with reference to the Company's own Wage Schedule that the Company was not justified in extracting higher duties of head tub-repairer from Syed Yasin while denying to him the wages for such designation, viz., Category VII.

4. In respect of Malloji Baniah (serial No. 25) and Bandi Mondl (serial No. 26) the claim of the Labour Union is that they too have in fact been working as head tub repairers at No. 2 Incline. These two workmen are, and have been for some time prior to the reference, in Category V of which the daily basic wage is Rs. 1-31 nP. Except to use the word 'similarly', presumably meaning similar to the duties performed by Syed Yasin, the Labour Union does not specify what are the duties performed by either Malloji Baniah and Bandi Mondl. It is however claimed that as in fact both of them were performing duties of head tub repairer from 26th May 1956, they are entitled to basic wage of Rs. 1-87 nP. from that day. That is the wage given to workers in Category VII. But the expression 'Category VII' is not employed in the statement of claims by the Labour Union in respect of these two workmen.

5. Mr. M. Komaraiah, General Secretary, Singareni Collieries Workers Union, Kothagudum filed statement of claims in respect of the remaining workmen in the Schedule appended to the reference, that is, except in respect of Serial Nos. 25, 26 and 39. For the sake of brevity I will refer to this Union as Workers Union. The statement of claims filed by this Union is quite brief and on broad lines. It is stated that there are 4 gangs or groups of tub repairers in each of the mines in the Bellamapalli Division of the Singareni Collieries and that each group consists of one fitter, one tub repairer and one tub repairing mazdoor. The fitter above mentioned is shown as doing tub repairing and tub manufacturing, and also as being "incharge of the section". The "section" is presumably meant to refer to a gang. This claims statement opens with the complaint that workmen in

tub repairing and tub making sections in the Bellampalli Division are not paid "appropriate wage rates". Referring to the fitters it is stated that although they are also In-charges, they are being paid wages as per Category IV instead of wages as per Category VII. Referring to the tub repairers it is stated that they are paid wages only in Category II instead of in Category IV. Referring to tub repairing mazdoors it is stated that they are paid wages in Category I instead of in Category II. It is pointed out that in the collieries at Kothaguddum tub repairing fitters are in Category VII, that tub repairers are in Categories VI and IV and that tub repairing mazdoors are in Categories III and II, and that it is so with effect from 26th May 1966 as per the Mozumdar Award. That is all the claims statement of the Workers Union. It is suggested that tub repairing fitters, tub repairers and the tub repairing mazdoors in the Bellampalli Division be paid the same wages as are paid to corresponding workmen at Kothaguddum.

6. There are two counters, one supplementing the other, filed by the Management. One is counter to the claims statement of the Workers Union and the other is counter to the claims statement of the Labour Union. In the counter to the Claims Statement of the Workers Union it is stated that the workers in the tub repairing section are paid wages as per the Mozumdar Award as amended by the L.A.T. Admittedly, workers on tub repairing work were once supplied by contractors and were paid on piece rate basis. That contract system was abolished and the workers were taken on the musters of the Company as from 30th September 1962. That was done as a result of a Tripartite Agreement. This fact is mentioned in the counter. It is stated that the Labour Union entered into a settlement dated 21st August 1961 with the Management in respect of workers at the Bellampalli Collieries and that, among others, the strength of the tub repairing clamp fitters in different mines was fixed and as also their categorisation. According to that agreement, it is stated, clamp fitters come in Category IV, tub repairing Mazdoors come within Category II and General Mazdoors in Category I, they being respectively job description Nos. 261, 50 and 10 as per the Mozumdar Award. By a subsequent settlement dated 31st May 1964 with the Labour Union, the Management had placed the general mazdoors in Category II with retrospective effect from 1st June 1963. That is stated in paragraph 4 of the counter. It is denied that the fitters were 'in charges'. It is also denied that there has been any regional disparity, viz., between the wages given in the Bellampalli Division and those given in the other divisions like Ramagundam or Kothaguddum. It is pointed out that the agreement which was arrived at Kothaguddum for manufacturing tubs when the piece rate system was abolished, would not apply to the daily rated clamp fitters at Bellampalli.

7. In the counter to the claims statement of the Labour Union, it is pointed out that the reason for the said union confining its claim only to serial Nos. 25, 26 and 39 of the list of workers appended to the reference, is because of its agreements with the Management. Referring to the claim proper of serial Nos. 25, 26 and 39, it is denied that Syed Yasin had ever performed the duties of head tub repairer, and it is pointed out that his designation was that of a clamp fitter and that he is performing the duties consistent with that designation. It is further stated that Syed Yasin was entitled to only Category IV as per the Mozumdar Award and that his being in Category VI was more than he was entitled to as per that Award. With regard to Maloji Baniah and Bandi Mondli, it is stated that they were not head tub repairers but were only clamp fitters entitled to Category IV wages. It is stated that they being in Category V was more than what they were entitled to according to the Mozumdar Award.

8. Three witnesses were examined on the side of the workers. W.W. 1 is Mr. Muniruddin who is serial No. 27 in the reference. W.W. 2 is Mr. Gazi Sheriff who is serial No. 14 in the reference. W.W. 3 is Mr. Syed Yasin who is serial No. 39 in the reference. Exs. W 1 to W 22 were filed on the side of the claimants. Two witnesses were examined on the side of the Management. M.W. 1 is Mr. J. D. Tallati who is Divisional Engineer of the Bellampalli Division. M.W. 2 is Mr. M. S. Menon who is Progress Inspector of the Company at Kothaguddum.

9. The names of the 39 claimant workers are set out in the reference. Nos. 1 to 12 being from Shanti Khani. Nos. 13 to 26 being from No. II Incline and Nos. 27 to 39 being from Morgan's Pit. Nos. 1 to 4 who are from Shanti Khani are mentioned in the reference as fitters. Nos. 13 to 16 and 25 and 26 from No. II Incline and Nos. 27 to 29, 37 and 39 from the Morgan's Pit are described in the reference as tub repairing fitters. It will be noticed that Nos. 1 to 4 who are from the Shanti Khani are briefly described in the reference as fitters, while the others mentioned above from No. II Incline and the Morgan's Pit are described as tub repairing fitters. All the 39 workers in the reference belong to the tub repairing sections in the 3 mines working in gangs or groups. Although Nos. 1 to 4 from

Shanti Khani are briefly described as fitters, presumably their description is the same as the others mentioned above, viz., tub repairing fitters. Each gang or crew consists of 3 workmen, one being tub repairing fitter, the second being tub repairer and the third being tub repairing mazdoor. In this paragraph I have referred to tub repairing fitters in the three units.

10. Nos. 5 to 8 who are from Shanti Khani, Nos. 17 to 20 who are from No. II Incline and Nos. 30 to 33 who are from the Morgan's Pit are described in the reference as tub repairers. Nos. 9 to 12 who are from the Shanti Khani, Nos. 21 to 24 who are from No. II Incline and Nos. 34 to 36 and 38 who are from the Morgan's Pit are described in the reference as tub repairing mazdoors.

11. As I said elsewhere, the Labour Union had filed claims statement only in respect of Nos. 25, 26 and 39, and that filed by the Workers Union is in respect of the remaining workmen, viz., Nos. 1 to 24 and 24 to 38.

12. It will be seen that Issue I is whether the action of the Management in not allowing proper wages in accordance with the Coal Award to the 39 workers is justified. The Coal Award referred to in the Issue is the award made by the All India Industrial Tribunal (Colliery Disputes). It is popularly known as the Mozumdar Award. As modified by the Labour Appellate Tribunal, it was effective from 26th May 1956. From the language in which this issue is cast it would seem to imply that the Management was not allowing proper wages in accordance with the Coal Award. Properly understood, the question posed by the issue is whether the wages given to the 39 workmen are or are not in accordance with the Mozumdar Award. If the answer is in the affirmative then the concerned workers would not be entitled to any further relief. If the answer is in the negative, then the question would arise how the disparity should be remedied in respect of the concerned workers. There would be no question of assuming that the Management had not been paying wages to these 39 workers in accordance with the Mozumdar Award.

13. In respect of the tub repairing mazdoors in the 3 units in the reference the claim of the Workers Union is that they should be placed in Category II from Category I. M.W. 1, who is the Divisional Engineer of the Bellampalli Division of the Singareni Collieries Company Ltd., testified that each gang or team in the tub repairing department consists of one of Category IV, one of Category II and one of Category I, and that there are altogether 12 such teams pertaining to the 3 pits, viz., Shanti Khani, No. II Incline and the Morgan's Pit. The witness proved Ex. M 2, dated 31st May, 1964 to be the agreement between the Management and the Labour Union by which the tub repairing general mazdoors were placed in Category II from Category I with retrospective effect from 1st June 1963 in respect of Bellampalli Division. The witness also proved Ex. M 3, dated 8th June, 1964 to be a similar agreement between the Management and the Workers Union branch of Godavari Khani at Ramagundam. It is not gain-said that those two agreements in respect of tub repairing mazdoors have been effective. In fact it has been so admitted by W.W. 2. The tub repairing mazdoors have been in Category II even from before the reference. That being so, whatever might have been said in this respect prior to the placement of these mazdoors in Category II and while they were in Category I, it should be said that so far as they are concerned they have been in the Category II even from prior to the reference; and so far as they are concerned the reference is answered accordingly.

14. Now I will take up the claim of tub repairing fitters. As I said earlier, the question is whether the Management is paying them wages in accordance with the Mozumdar Award. The case of the Management is that tub repairing fitters are in the same category as clamp fitters. M.W. 1 stated that it is so because the nature of the work they do is the same, both being engaged at the pit heads for the purpose of repairing tubs. As per Appendix XIII applicable to the Singareni Collieries Company Limited appended to the Mozumdar Award, clamp fitters are in Category IV, that being job description No. 261. That job description is this:—

Tub repairing:—Blacksmiths and their mazdoors generally do all tub repairs including fastening the tub blocks to the frame with bolts and nuts.

W.W. 3, Syed Hashim, claimed that he was working as Head Tub-repair fitter at the Morgan's pit, and said that the company had not designated him as such. I would presently come back to this claim. He added, "I am designated as clamp fitter or tub-repairing fitter". W.W. 3 has thus corroborated what M.W. 1, Mr.

Talati, has testified, namely, that clamp fitters and tub-repairing fitters are in the same class. As I pointed out above, the Mozumdar Award has placed clamp fitters in Category IV. That being so, the proper Category to which the tub-repairing fitters in the reference should similarly belong is Category IV. It would therefore follow that the tub repairing fitters being in category IV is in accordance with the Mozumdar Award. It would however be noticed that Baniyah (No. 25) and Bandi Mondi (No. 26) had been in Category V even for a considerable time prior to the reference, and that similarly Syed Hashim (No. 39-W.W. 3) had been in Category VI. But there was a valid reason therefor. At the time they were transferred to the Company's musters, they were piece raters drawing more wages than Category IV wage. By letter Ex. M 9, dated 8th November, 1964 the Manager of the Morgan's pit informed the Agent, Bellampalli Division, that Syed Hashim was a clamp fitter and was doing clamp fitting job. It was further intimated that Syed Hashim was getting Category VI because he was getting Category VI before the Tradesmen Agreement and that it was personal to him. Ex. M 10, dated 4th October 1964 is in respect of Baniyah and Bandi Mondi. It is letter from the Manager from No. II Incline to the Agent, Bellampalli Division. It is stated therein that although they are drawing wages in Category V they belong to Category IV according to the Wage Schedule. It would mean that Category V was personal to them.

15. The basis of claim in the claims statement of the Labour Union to Category VII for Syed Hashim (No. 39), Malloji Baniyah (No. 25) and Bandi Mondi (No. 26) is that they had been working as head tub repairing fitters, and that they were also doing supervisory duties. It is stated in respect of Syed Hashim that five gangs of tub-repairers work under him, each gang consisting of 3 workers. His supervisory duties are said to consist of maintaining log books and checking repairs. Although it is claimed that Malloji Baniyah and Bandi Mondi have also been working as head sub repairers, it had not been, just as it was attempted in the case of Syed Hashim, clarified as to what was the nature of the work they were doing so as to claim that they were head tub repairers, that is, to claim Category VII. Nor had it been clarified what it was from which it could be said that they were also discharging supervisory duties. Of these 3 claimants, Syed Hashim came into the witness box as W.W. 3. I have already referred to his testimony in which he said that he was designated as clamp fitter or tub repairing fitter. He claimed that the tub repairing gangs at the Morgan's pit work under his direction and that he supervises their work. He said that for that reason he was "entitled to be placed in Category VII". He also gave evidence in support of the claim of Baniyah and Bandi Mondi. He said that, like him, they supervise tub repairing at No. 85 Dip and at No. II Incline respectively. He added, "they do the same work as I do". He presumably meant to say that at their respective units Baniyah and Bandi Mondi are, like what he claims to be at the Morgan's Pit, heads of the tub repairing gangs at those units. He admitted in cross-examination that there is no order from the Company appointing him as head tub repairer. At Bellampalli each tub repairing crew normally consists of 3 tub repairing workers, one being in Category IV, the second and third being in Category II. The third hand used to be in Category I, but, as I pointed out earlier, he too had been placed in Category II even prior to the reference. The first hand is tub repairing fitter. Naturally he is the head of that particular crew of 3. Unless the claim to being head tub repairing fitter (Category VII) is based on the fact that he is the first hand in a particular crew, there seems to be no other reason how or why any of Syed Hashim, Baniyah or Bandi Mondi can claim to be head tub repairing fitters. Except the self-serving statement of Syed Yasin from the witness box that he was the head of the five gangs working at the Morgan's Pit, and therefore should be placed in Category VII as head tub repairer, there is absolutely no other evidence in support of his claim. But, however, W.W. 3 relied upon Exs. W 5 to W 9 in support of his claim that he has to do supervisory duties. W 5 is the log book maintained by him. Ex. W 6 is the daily tub repair account of the year 1958. Ex. W 7 is another such for the year 1962. Ex. W 8 is the tub inspection book maintained by him in the years 1958-59. He notes in them the nature of the damage and the repair done. Ex. W 9 is another such for the year 1960. I do not see how Exs. W 5 to W 9 advance his claim to be designated as Head Tub-repairing Fitter. These documents mention the nature of the repair to be done and the work done on a particular tub. Necessarily, this kind of record has to be maintained by the head of the crew, viz., the first hand in a crew. There is an Assistant Engineer in charge of the Morgan's Pit. It is he who supervises the tub repairing work. That officer would check the tub repairing work with the help of such books. M.W. 1 the Divisional Engineer at Bellampalli testified so. He said that no one at the pit heads or at the workshop repair shed at Bellampalli is designated as head tub repairer. M.W. 2 who is the Progress Inspector of the Company at Kothagudum said that at that place there is a charge-hand for all departments except for the tub section. It will be noticed that in the claims statement of the Workers Union it was claimed

that tub repairing fitters were in-charges. It is seen that there are none such in the Bellampalli Division, not even at Kothagudium.

16. Since W.W. 3 Syed Yasin was giving evidence for Baniah and Bandi Mondi also, he produced Ex. W10 as being log book maintained by Baniah and Ex. W11 as being log book maintained by Bandi Mondi. Exs. W5 to W11 were produced by the Management on notice from the workers. What I had said in respect to Ex. W5 to W9 applies equally to Exs. W10 and W11. Exs. W10 and W11 do not advance the claim of Baniah and Bandi Mondi to be pleased in Category VII any more than Exs. W5 to W9 had done in the case of Syed Yasin. Next, W.W.3 produced Exs: W12 to W12(b) which are authorisations to Baniah to inspect and report on parts of certain tubs. Exs. W13 to W13(b) are similar authorisations to Bandi Mondi. W.W.3 said that such authorisations are given to those who supervise tub repair work. In Ex. W12 to W12(b) Baniah is referred to as clamp fitter, and so is the case with Bandi Mondi in Exs. W13 to W13(b). Referring to this set of documents M.W.1, the Divisional Engineer of the Bellampalli Division, said that such authorisations are issued to competent persons like Syed Yasin, Baniah and Bandi Mondi, and that it was in accordance with the Safety Regulations. The witness added that such authorisations are issued to a number of persons in the other establishments of the Company such as electricians, trolley drivers, pump drivers, under-lookers, trammers, over-men and shot-firers. This explanation is not gain-said in the cross-examination of M.W.2. These documents are thus explained, and they do not support the claim of Baniah or Bandi Mondi that they are saddled with any extra supervisory capacity or that they are entitled to be designated as head tub repairing fitters. W.W.3 next tendered in evidence correspondence by and with Mr. Nagiah Reddy, President of the Labour Union. In respect of claim of Syed Yasin, Baniah and Bandi Mondi to Category VII on the basis of the claim that they are head tub repairers. That was in the last part of the year 1964 and in early 1965. That is something that was then in the realm of controversy.

17. If each of these 3 persons is, and I have no doubt they are, the head of his particular gang or crew or section consisting of 3, then he has to participate in the work of tub repairing. He cannot sit on a pedestal and claim that he just supervises tub repairing and that he does not participate in it for the purpose of claiming that he is a head tub repairer. That would seem to be the trend of what W.W. 1 said. He said that when the old tubs come in, they are repaired by the repairer with the help of the mazdoors and that he supervises that repair work. So the witness means to say that he does not directly participate in the repair work but that he merely supervises the repair work done by the second and the third hands. That he (W.W.1—Muneeruddin) means to say so is clear from what he further states, viz., that on direction from the repairer the mazdoor hammers a dented plate or drives in a bolt and that the repairer tightens the bolt and does the correct placement of the plates. That is something which Syed Yasin (W.W.3) had forgotten to claim, for he stated as follows in the latter part of his evidence-in-chief. "I attend to only repair work on the tubs. That is also the case with Baniah and Bandi Mondi". So it means that any of these tub repairing fitters who are respectively the first hand in a tub repairing crew cannot claim to be a head tub repairer which definition is advanced to mean a person who is the head of several gangs of tub repairers. It is no doubt true that as per the Wage Schedule of the Company there is a head tub repairer in Category VII. That is at Kothagudium. So far as Bellampalli is concerned there is no head tub repairer. In fact W.W.3 admitted in his cross-examination that there is a charge-hand by name Balamallu at the Morgan's Pit, but he added that Balamallu was connected with the Mechanical Machinery but not with tub repairing. Whatever such explanation may be, it will be seen that there is a charge-hand at the Morgan's Pit. That being so, M.W.3 cannot claim to be a head tub repairer. It will be noticed that the claim of Syed Yasin, Baniah and Bandi Mondi to be designated as head tub repairers in Category VII is based on the claim that they are respectively heads of several gangs and that they also do supervisory work. As I have discussed elsewhere, neither aspect of that basis is established.

18. It will next deal with the case of the other tub repairing fitters in the reference. The statement of claims by the Workers Union, which is quite brief, states that the tub repairing fitters "who are also in-charges are being paid only with Category IV wages instead of Category VII wages". It has not been explained what was meant by in-charges. It is prayed that these tub repairing fitters be placed in Category VII so as to be in conformity with what is happening at Kothagudium. I will presently come to a consideration of the affairs at Kothagudium. Just now we are concerned with the tub repairing fitters at Shanti Khani. No. II Incline and at the Morgan's Pit in the Bellampalli Division. The basis of claim to Category VII by Syed Hashcem (No. 39), Malloji Baniah (No. 25) and Bandi Mondi (No. 26) is that each of them is a head of several gangs and that their work is supervisory in character and that therefore they were head tub repairers. I

have held that neither aspect of that basis of claim had been established and that they are just No. 1 hand in a tub repairing crew of 3. Now we have the Workers Union laying claim to Category VII for the remaining tub repairing fitters in the reference on the basis that they are in-charges. Except to use that expression in the statement of claims, nothing whatsoever had been stated in it by way of clarification in that behalf. Two of such tub repairing fitters have come into the witness box as W.W.1 and W.W.2: I had occasion to refer to the testimony of W.W.1, Muniruddia, who is No. 27 in the reference. He is a tub repairing fitter at the Morgan's Pit. W.W.2 is Gazi Sheriff who is No. 14 in the reference. He is a tub repairing fitter at No. II Incline. It will be noted that Syed Hashim (W.W.3—No. 39) is also a tub repairing fitter at the Morgan's Pit. While W.W.3 had stated that he was the head of the tub repairing gangs of crews at the Morgan's Pit, W.W.1 said nothing at all about it. Why I am drawing attention to this is that different reasons are advanced for laying claim to be head tub repairing fitters and therefore to Category VII. The basis of the claim of W.W.1 to Category VII is not that he was head of tub repairing crews. He says that his team consists of himself, repairer and mazdoor, and that the head of the team at Bellampalli is known as tub repairing fitter. He said in cross-examination that there is no fitter in-charge as such or head tub repairer as such at the workshop at Bellampalli. From the witness box he does not claim to be an in-charge fitter although such was the claim made in the statement of claims filed by the Workers Union. He simply said that he was "entitled to Category VII which is fitter's category". He produced Exs. W1 to W3 which are tub books in which there are entries ranging from the month of May 1963 to the month of December 1964. They contain entries showing the work done. I do not see what turns upon Exs. W1 to W3 by way of advancing the claim of W.W.1 to Category VII. Such books would be maintained showing what was the nature of the work done and the material used in that behalf. He said about the end of his cross-examination that the basis for his demand for Category VII is that at Kothagudum tub fitters are in Category VII. I will come back to a consideration of the situation at Kothagudum. It may here be pointed out that the emphasis of both the Unions in their respective statements of claim is mainly upon the fact that at Kothagudum tub repairing fitters are in Category VII. The emphasis is not that they being in Category IV at Bellampalli is not in conformity with the Mozumdar Award. Neither W.W.1 nor W.W.2 stated that the tub repairing fitters being in Category IV in the Bellampalli Division was not in accordance with the Mozumdar Award.

19. W.W. 2 Gazi Sheriff is the witness who gave omnibus evidence for the workers. He started by testifying that he was head tub repairer at No. II Incline. His claim to that is not based upon any claim that he was the head of several tub repairing crews or gangs just as it was on the other hand done in the case of Hashim, Malloji Banlah and Bandi Mondli. The witness is just No. 1 hand of a tub repairing crew at No. II Incline. He said that at Kothagudum No. 1 hand of a tub repairing crew is called a head tub repairer in Category VII and that therefore he too is entitled to Category VII. Referring to the other tub repairing fitters in the reference he simply said that all of them are head tub repairers and that each of them is the head of his team or crew. The claim made in the claims statement of the Workers Union that the tub repairing fitters are in-charges is dropped during the enquiry because neither W.W. 1 nor W.W. 2 claim to be in-charges. In fact W.W. 2 has, as I pointed out just now, said that each of the tub repairing fitter is No. 1 hand in or the head of his own crew of 3. As I pointed out earlier, as per Appendix XIII applicable to the Singareni Collieries Company Limited appended to the Mazumdar Award, clamp fitters are in Category IV, that being Job Description No. 261. It has also been proved that clamp fitters and tub repairing fitters are in the same class. That being so, tub repairing fitters have properly been placed in Category IV by the Company. That is according to the Mozumdar Award.

20. Now I will consider the case of tub repairers in the reference. A tub repairer is No. 2 hand in a tub repairing crew of 3. The tub repairers are in Category II. The claim in respect of them made in the statement of claims filed by the Workers Union is that they should be placed in Category IV. The claim is not that they being placed in Category II is not in accordance with the Mozumdar Award. The claim in respect of them simply is that at Kothagudum the tub repairers are in Category IV. Any tub repairer mentioned in the reference has not come forward into the witness box to say that he being placed in category-II was not in accordance with the Mozumdar Award. A helper who assists in tub repairing is in Category-II according to Appendix XIII, it being Job Description No. 50. That is the position of a No. 2 hand in a tub repairing crew.

21. According to the Mozumdar Award tub repairers are in 2 classes, class 1 being fitters in Category IV (Job Description No. 261) and class 2 being just repairers (Job Description No. 50) in Category II. Following the implementation of the Mazumdar Award and a Tradesmen Agreement at Kothagudium and Yellandu for the purpose of proper categorisation and fitment, an arrangement was arrived at there. Ex. M 17 is extracted from that Tradesmen Agreement dated 20th July 1960 in respect of tub repairers:

Tub repairers have not been shown in Appendices 1 to 6. Under the Award for Bengal-Bihar the tub repairers (Job Description Nos. 261 and 50) should be allowed Category IV and Category-II emoluments are allowed for Assistants, that is, for the workers who assist the tub-repairers and who work generally under the direction of the repairers. Revitmen and blacksmith helpers should also get only Category II emoluments. Quite a large number of our tub repairers are now drawing higher emoluments because of the Tradesmen Agreement. In all such cases, the present emoluments should be treated as personal to the present incumbents.

The above explains why at Kothagudium most tub repairing fitters are in Category VII and most tub repairers are in Category IV. W.W. 1 admitted in his cross-examination that at Kothagudium there are some tub repairing fitters who are in Category VI, that is, less than Category VII.

22. And, moreover, there is also the difference between the work done at the Kothagudium workshop and the workshop at Bellampalli. M.W. 2 the Progress Inspector of the Company said that there is difference in the quality of work done at Kothagudium by the tub repairers and that done by the tub repairers in the other divisions. He said that prior to the start of the new tub section at Bellampalli new tubs and the new tub parts were supplied from the Kothagudium main workshop tub section. He said that parts manufactured at Kothagudium are sent to the stores at Bellampalli and that the tub repairers at Bellampalli draw the parts from the stores and assemble the tubs. The witness added at the end of his cross-examination that some times complete new tubs are sent from Kothagudium to Bellampalli. W.W. 1 admitted that bottom bowls are not prepared at Bellampalli, that they are got ready made from Allwyn or from Kothagudium and that it is also the case with the chassis fabrication. Thus it is seen that so far as Bellampalli Division is concerned, analogy cannot be drawn from the categories at Kothagudium. Even so the conditions and circumstances at Kothagudium are different. And, moreover, the conditions that obtain there were largely as a result of separate agreements there. The argument of regional disparity would not avail.

23. The simple question raised in the issue in the reference is whether the workers mentioned in the reference are paid wages according to the Mozumdar Award. In other words the question is whether these workers had been placed in proper categories in accordance with the Mozumdar Award. If they are in their proper categories according to the Mozumdar Award, then it means that their wages are being paid according to the Mozumdar Award. The reason why Syed Hashim (No. 39) is paid wages in Category VI and Malloji Baniyah (No. 25) and Bandi Mondl (No. 26) are paid wages in Category V is because those categories are personal to them. If at the time of the fitment they had not been drawing more wages as piece raters than what is due under Category IV, they too would have remained in Category IV by reason of being clamp fitters who according to Appendix XIII are in Category IV.

24. My answer to the reference is that the Singareni Collieries Company Limited is paying proper wages to the workers in the reference according to the Mozumdar Award. That being so, any question of revising their wages within the ambit of that Award would not arise.

Award passed accordingly.

Given under my hand and the seal of the Tribunal, this the 15th day of October 1966.

For the Workmen.—Shri Chandra Bhusan Tewari, General Secretary of the Union.

STATE : Bihar.

INDUSTRY : Railway.

Camp: Patna, dated the 23rd September 1966

AWARD

The Government of India, Ministry of Labour, Employment and Rehabilitation (Department of Labour and Employment), New Delhi, by its order No. 2/2/66-LRIV dated 15th June, 1966, referred under Sec. 10(1)(d) of The Industrial Disputes Act, 1947, an industrial dispute existing between the Employers in relation to Arrah-Sasaram Light Railway and Fatwah-Islampur Light Railway of M/s. Martin's Light Railways Co. Ltd., Calcutta and their workmen in respect of the Matters specified in the schedule annexed to the order of Reference, which is reproduced below:

SCHEDULE

“1. Whether the demand of the workmen employed in M/s. Arrah-Sasaram Light Railway and the Fatwah-Islampur Light Railway Arrah, District Shahabad, Bihar, for a paid National Holiday on the 2nd October on account of Mahatma Gandhi's Birthday, is justified?

2. If so, to what relief are they entitled?”

2. The General Secretary, Bihar Martin's Light Railway Mazdoor Congress, Arrah, submitted a written statement on 24th August, 1966 on behalf of the concerned workmen and the managements also filed their written statement on 3rd September, 1966.

3. The case was fixed for hearing on 22nd September, 1966 at Patna in the Bihar State Industrial Tribunal, Bailey Road, Patna, at 10-30 A.M. and notices were accordingly issued to both the parties and on the said date at the said place both the parties turned up. The management were represented by Shri B. B. Mukherjee, Superintendent, Arrah-Sasaram and Fatwah-Islampur Light Railway Co., Arrah and the concerned workmen were represented by Shri Chandra Bhusan Tewari, General Secretary of the Union.

4. The managements thereafter filed a petition dated 20th September, 1966 signed by Sarvashri Chandra Sinha Mehta, General Manager and also by Atindia Chakraborty, Assistant Personnel Officer of the Railways to the effect that the Company has now decided to allow the 2nd October, Gandhi's Birthday, which is a National Holiday, as being treated as paid holiday, for its workmen and to grant to those of them who cannot be spared, wages at double the rate as now in force in this Railway, and, therefore, in the circumstances, now no dispute exists between the parties in respect of the subject matter in dispute and, therefore, a no-dispute award should be made. The General Secretary of the Union accepted that the matter has been settled out of court and that the managements have agreed to treat the 2nd October as a paid National Holiday on account of Mahatma Gandhi's Birthday.

5. That, therefore, on the basis of petition of compromise of the managements dated 20th September, 1966 marked Annexure 'A' the Reference is answered by is justified, and, therefore, as conceded by the managements they are allowed paid holidays and those workmen who cannot be spared on that day will be given wages at double the rate as is now in force in this Railway.

holding that the demand of the workmen employed in M/s. Arrah-Sasaram Light Railway and Fatwah-Islampur Light Railway, Arrah, District Shahabad, Bihar, for a paid National Holiday on the 2nd October on account of Gandhiji's Birthday

6. A no-dispute award in terms of the said petition dated 20th September, 1966 filed before the Tribunal on 22nd September, 1966 marked Annexure 'A' is made and the said petition is made a part of the Award.

7. This is the award which I make and submit to the Central Government under Section 15 of the Act.

Their workmen represented by the Bihar Martin's Light Railways Mazdoor Congress.

This Industrial Dispute is now pending before this Tribunal, which has fixed for hearing at Patna on the 22nd September, 1966.

In this dispute the workers of this Railway claimed that the 2nd October, which being Gandhiji's Birthday is a National Holiday should be allowed to them as a paid holiday and payment of double the wages to such of them as cannot be granted a holiday on that day.

The Company never treated the Gandhiji's Birthday as a paid holiday for its workmen and filed a written statement denying the claim of the workers.

The Company has since, decided to allow the 2nd October which is the Gandhiji's Birthday and as such a National Holiday being treated as a paid holiday for its workmen and to grant to those of them who cannot be spared, wages at double the rate as now in force in this Railway.

In the circumstances the Company submits that no dispute between the parties over the subject matter of the reference exist any longer and a no-dispute award should be made accordingly.

The Company prays that it having now agreed to grant the 2nd October which is a National Holiday on account of the Gandhiji's Birthday as a paid holiday, no dispute exists between the parties to this reference and this Tribunal would be pleased to record the above decision of the Company and make a no-dispute award on that basis.

New Delhi, the 27th October 1966

S.O. 3357.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Industrial Tribunal, Indore in respect of an industrial dispute between the management of the Central Bank of India Limited and their workmen which was received by the Central Government on the 10th October, 1966.

IN THE INDUSTRIAL TRIBUNAL, MADHYA PRADESH, INDORE

REFERENCE NO. 2/IT/1965 (CENTRAL)

BETWEEN

The Management of the Central Bank of India Ltd., Head Office, Bobmay—
First Party.

AND

Their Workmen as represented by the Madhya Pradesh Bank Employees' Association, Raipur—*Second Party.*

In the matter of reference under Section 10 of the I.D. Act, 1947 re: whether Shri B. G. Vyas and M. D. Dave are workmen etc.

PRESENT:

Shri T. C. Shrivastava.

AWARD

A dispute having arisen between some workmen of the Central Bank of India and the Company, the Central Government made a reference to this Tribunal under Section 10 of the Industrial Disputes Act, 1947. The terms of reference are as follows:—

1. Whether Sarvashri B. G. Vyas and M. D. Dave, Junior Officers of Bhilai Branch and Shri S. B. Gangele, Junior Officer of Raipur Branch of Central Bank of India Ltd. are workmen within the meaning of Section 2(s) of the Industrial Disputes Act, 1947?
2. If so, whether the Management is justified in not regularising the working hours of these workmen as provided in Para 10.46(1) of the Desai Award?
3. If not, to what relief are they entitled?

2. Statements were filed by the parties and the case was fixed for evidence to-day. Parties filed an application stating that the matter has been settled amicably between them and an award be given in accordance with the terms contained in paragraph marked No. 1 in the application filed to-day. The settlement is for the benefit of the employees concerned.

4. Accordingly I award as follows:—

Sarvashri B. G. Vyas and M. D. Dave, Junior Officers of Bhilal Branch and Shri S. B. Gangele, Junior Officer of the Raipur Branch of the Central Bank of India Limited will be given an opportunity for exercising their option either to be governed by the Bank's Officers' pay scales and service conditions or to be governed by the pay scales and service conditions as set out in the Bank Awards as may be amended by the agreement/settlement arrived at and pending finalisation and as provided therein, between Indian Banks' Association of which the Central Bank of India Ltd. is a member and All India Bank Employees' Association of which the Madhya Pradesh Bank Employees' Association is a constituent unit.
